

baby lock

cover stitch

Discover the pro in you ...

Sewing is a handicraft that offers you a high degree of individuality and lets you discover your own creative abilities. This is exactly what we want to encourage!

The baby lock cover stitch machine is ideal for sewing high-quality seams, the like of which can be found top stitching necklines or hemming sleeves. This machine can produce a really professional finish. Individual tension dials give the user total control for a variety of threads and fabrics. The drop feed system is great when it comes to handling a wide variety of materials. The feed dog is lowered automatically whenever you raise the presser foot. This makes placing and removing the fabric much easier.

With a smile on your face

The baby lock brand has been appreciated for its ease of use for decades. Both beginners and advanced sewers can enjoy the machines' special technical features, such as the handy air threading system, and all of the possibilities they offer. Even if you are using the machine for the first time, you can focus on your project and start sewing immediately without tiresome threading. Everybody loves the outstanding sewing results, no matter what fabrics and threads are used.

Manual thread tension:
Full control of all threads tensions according to your needs.
