- 258 built-in patterns and 13 fonts
- Programmable jump stitch trimmer
- Advanced needle threader
- Colour sorting
- LED pointer
- Wireless connection

Want to get seriously creative?

The **NV880E** is packed full of easy-to-use features. It is the perfect machine to embellish and personalise clothing, quilts, towels and so much more.

More time to create – with an automatic needle threader and drop-in bobbin spend more time creating, not setting up.

Never run out of thread – automatic upper and lower thread sensors mean you won't run out of thread mid stitch.

Easy to navigate – easily manage everything on the full colour, large 4.9" touchscreen.

Sit back and sew – the Innov-is NV880E automatically detects fabric being embroidered and adjusts the tension to suit.

You're in control – with wireless connectivity and USB port your machine will continue to grow with Brother's innovative developments.

Stay connected – with Wireless LAN connectivity and USB port your machine will continue to grow with Brother's innovative developments.

Keep learning – built-in tutorials and help function mean you'll always have a personal sewing tutor *at your side*.

Exquisite embroidery

A large working area and generous embroidery space give you plenty of room to get creative. Featuring brand new embroidery designs, pattern editing and colour sorting, your projects will be ‘sew’ unique – just like you.

Bursting with 258 built-in embroidery designs – including BRAND NEW regal, fun llamas, jungle animals, flower power, pretty lavender and blackwork patterns.

Personalise! Choose from the 13 built-in fonts or monogramming function to add your unique personal touch to any project.

Perfect positioning – let the LED needle pointer point the way to better embroidery. Drop your needle exactly where it needs to be, so you always place your pattern in the right place.

Fast and precise – stitch out speeds of up to 850 stitches per minute.

‘Sew’ unique – quickly adjust, mirror, re-size and edit text. Save everything to the machine’s memory so you can use it again.

Pretty neat – the thread trimmer function trims any excess threads for you. Bye, bye snips!

Auto foot down – programme your machine to automatically put the foot down and start embroidering when you press the start/stop button.

A life of colour – preview embroidery designs in full colour. Colour sort the order in which multi-colour embroidery designs are stitched – reducing colour changes and minimising embroidery time.

New quilting designs – beautiful embroidery quilt designs let you finish off your quilts in style.

Data transfer is easy!

With Wireless LAN connectivity you can wirelessly transfer data and keep up with Brother’s software developments.

Try out the new FREE Design Database Transfer program* to wirelessly send your designs from your PC to your machine.

You can also transfer designs via the built-in USB port.

*Compatible with Windows OS devices only.

NV880E

Super-size decorative embroidered buttonhole built-in designs

Variety embroidery designs included

Large font and monogram designs

Get creative with the NV880E's 258 built-in embroidery patterns and create some really unique pieces!

The Innov-is NV880E is packed full of Brother's innovative features

General features

LCD display	4.9" colour touch screen
Compact face plate	The angle of the face plate has been improved so it is easier to reach the needle when it needs changing.
Automatic needle threader	Follow the guide, thread the needle and press the lever. Voila!
Drop-in bobbin	Just drop in a full bobbin and you're ready to go.
Central control panel	All important functions within easy reach.
Thread sensors	Upper and lower thread sensors alert you to broken threads and automatically stops your stitching.
Automatic thread tension	Automatically detects fabric being embroidered/sewn and adjusts the tension to suit.
Start/stop button	Ergonomic large start/stop button for use without the foot pedal.
Speed	850 stiches per minute – achieve more with a quicker stitch out.
USB connectivity	Transfer even more embroidery patterns to your machine.
WLAN data transfer enabled	Transfer embroidery designs via WLAN with Design Database Transfer program*. Make updates to your machine wirelessly so your machine will continue to grow with you, and with future Brother developments.
Built-in tutorials	A sewing tutor always at your side. Easily learn how to operate your machine.

Embroidery features

Embroidery area	260 x 160 mm embroidery area - space to stitch out large, intricate designs.
Built-in designs	258 built-in embroidery patterns - including BRAND NEW regal, fun llamas, jungle animals, flower power, pretty lavender and blackwork patterns.
